COMPREHENSIVE STUDENT RULE BOOK:

1. Vision for Holistic Development

We prioritize skills over mere marks. Following the SCERT Assam's 21st Century Skills Handbook, students are encouraged to engage in inquiry-based and collaborative learning.

2. Enhanced Academic & Attendance Standards

- **Progressive Attendance**: A minimum of **75% aggregate attendance** is mandatory. Students falling below 70% may be required to attend mandatory remedial "supplementary teaching" sessions before being allowed to re-sit exams, as per RTE (Revised) Act 2019 provisions.
- **Inclusive Learning**: We provide accommodations and alternate pedagogies for students with special needs, ensuring every child has an equal path to success.

3. Digital Citizenship & Cyber Safety

- **Responsible Tech Use**: While personal mobile phones are discouraged, school-provided digital resources must be used strictly for academic purposes.
- **Cyber Conduct**: Students must refrain from cyber-bullying, spreading misinformation, or accessing prohibited content. Any digital misconduct on or off-campus that affects the school's reputation will face disciplinary review.

4. Behavioral Expectations & Values

- **The "3 Respects" Policy**:

1. **Self**: Maintaining personal hygiene, healthy habits, and integrity.
2. **Others**: Zero tolerance for bullying, physical assault, or derogatory language toward peers and staff.
3. **Property**: Respecting school assets like smartboards and furniture. Graffiti or vandalism will lead to a restoration fine and counseling.

5. Campus Safety & Disaster Management

- **Security Protocol**: Per the MoE Guidelines on School Safety (2021), the campus is a "Safe Zone." Mandatory participation in disaster mock drills (earthquake/fire) is required for all students.
- **Health and Hygiene**: In line with ASDMA guidelines, regular health check-ups and sanitation protocols are standard.

6. Student Leadership & Committees

- **Self-Governance**: Students can nominate themselves for the **Student Welfare Committee** or the **Cleanliness Club (Swachhata Unit)** to participate in school decision-making.
- **Grievance Redressal**: A dedicated Internal Grievance Cell is available for students to report issues anonymously or via their student leaders.

7. Environmental Stewardship

- **Sustainable Campus**: Students are designated as "Eco-Guardians" responsible for energy conservation (switching off lights/fans) and water management.
- **Waste Management**: Strict "No Plastic" policy on campus. Waste must be segregated into designated bins.
